The Tucson Department of Transportation (TDOT), the Pima County Department of Transportation (PCDOT), and the Regional Transportation Authority (RTA) invite you to an Open House to review the preliminary 60% design plans for the roadway improvements on Silverbell Road, between Goret Road and El Camino del Cerro. Representatives from TDOT, PCDOT, RTA and the Project Team will be available to discuss the overall project and answer any questions you might have. Your input is important to us.

Improvements include widening Silverbell Road to a curbed 4-lane divided desert parkway with pedestrian facilities, bike lanes, lighting, drainage improvements, new native landscaping, and public art.

Although the design will be moving forward, there will be an 18-month to 2-year-period before construction begins on this segment to allow for the planning and excavation of cultural resources. Pima County and the City of Tucson will be working together on this very important aspect of the Silverbell Corridor.

Questions about Sunset Road and its connection to Silverbell and I-10?

Pima County Department of Transportation representatives will be in attendance at the Open House to answer your questions.

This is a project of the Regional Transportation Authority. The voter-approved, \$2.1 billion RTA plan will be implemented through FY 2026. Details about the full plan are available at www.RTAmobility.com. The Regional Transportation Authority has a nine-member board with representatives from local, state and tribal governments. This project will be managed by the City of Tucson in conjunction with the Town of Marana and Pima County.
